Dear Sirs,

**Re: Abandoned Match between East Thurrock Utd v Harlow Town**

The above abandoned match proved the subject of much discussion owing to the complexity of the situation in which the result would effectively decide the runners-up position.

As we are now in the close season it would not be possible to stage any further matches for the season 2008/09.

Therefore we decided to look at the overall situation and considered the events which had led to this dilemma, considering our options. In the event we could not apportion blame to any particular club for this fixture not being completed within the playing season.

A motion was tabled to allow the result of the previous abandoned game to stand was proposed and then accepted unanimously by the entire committee.

We regret that the runners-up position has been settled off the football field but believe that this was the only credible outcome.

Yours sincerely,
